| 1      | Name of the program                               | Workshop on " <b>Movement Analysis</b> "  |
| 2      | Program organized by (Dept.)                      | Department of Biomechanics  |
| 3      | Department/ Association involved                  | <b>KIPT</b>   |
| 4      | Date  | 29 <sup>th</sup> & 30 <sup>th</sup> January 2024  |
| 5      | Duration  | 02 days   |
| 6      | Location  | KIPT, Belagavi  |
| 7      | Objective of the program                          | Useful tool for physiotherapists to adjust yoga programs and correct asanas in order to avoid future injuries.  |
| 8      | Activities carried out during the program         | Dept. of Biomechanics KAHER Institute of Physiotherapy, conducted a workshop on " <b>Movement Analysis</b> " unfolded on January, 29 & 30, 2024, featuring expert speakers Rohit Panicker Sports scientist and founder of Swat Kids application for motion analysis and Dr. Nabeela Naaz bio mechanist and Co-founder of swat kids application for motion analysis. The Movement Analysis Workshop delved into the intricacies of human motion, offering a comprehensive understanding of biomechanics and kinetics. Attendees explored various methodologies for analysing movement patterns, from simple observational techniques to 2D motion capture technology. Through hands-on activities and theoretical sessions, participants learned to identify key components of movement, assess muscle activation patterns, and understand the principles of efficient movement mechanics. Practical applications were emphasized, with discussions on injury prevention, performance enhancement, and rehabilitation strategies. Overall, the workshop provided a valuable platform for Interns and PG's to enhance their skills in movement analysis, contributing to advancements in sports science and rehabilitation practices. |
